

Assignment #1: Response #6: Male-Female Differences in Average Rating

TOTAL POINTS 5

1. Which movie do female raters rate the highest above male raters (i.e., which has the largest difference female - male average)?

1 point

2396

2. How big was the difference in average rating?

1 point

2.107143

3. How about the other way around? Which movie did males rate most highly above female raters?

1 point

1198

4. How large was the difference in mean rating?

1 point

-1.66666667

- 5.

1 point

Finally, what is the difference between the average female rating overall and the average male rating overall? This should be a positive value if females rate higher, negative if males rate higher. Be sure to give at least three decimal places.
